Assignment description

Employability Skills Development module will require all its Year 2, Semester 2 students to work on a report to come up with their Personal Development Plan (PDP) to help bridge any employability gap identified. The plan will have six (6) mandatory sections and an optional section as below with a total minimum number of 800 words.

1. Self-Assessment (20%)

Objective: This is to evaluate how well students reflect on their current state. We will look for honesty, depth of reflection, and use of any frameworks like SWOT, Johari Window, or MBTI (if appropriate). This section should cover (but not limited to)...

- **Strengths and weaknesses** (academic, personal, professional)
- **Personality traits**, learning styles, values
- **Skills audit** (e.g., communication, teamwork, time management, technical skills)

2. Goal Setting (20%)

Objective: This is to assess the clarity and relevance of goals. These goals should logically follow from the self-assessment above. This should include thing like...

- **SMART goals** (Specific, Measurable, Achievable, Relevant, Time-bound)
- Short-term, medium-term, and long-term personal and professional goals
- Link between self-assessment and goals

3. Action Planning (20%)

Objective: Is to evaluate the plan to achieve the goals. They should be realistic and actionable. They must include...

- Concrete **steps or activities** to improve skills or achieve goals
- **Timeline or milestones**
- Resources or support systems identified (e.g., courses, mentors, workshops)

4. Monitoring and Evaluation Strategy (15%)

Objective: Is to check how students intend to track progress. This should demonstrate self-regulation and adaptability. This section should include...

- Methods for **reviewing progress** (e.g., journals, check-ins, feedback)
- Plans for **adjusting** the PDP based on new insights

5. Personal Insight and Motivation (10%)

Objective: This is to look at personal drive and engagement. It will make the PDP feel more personal and authentic. It can include...

- Reasons for chosen goals
- Passion, career vision, or life purpose
- Evidence of **self-motivation**

6. Presentation and Communication (10%)

Objective: This is to evaluate the clarity and professionalism of the submission. Well-presented plans show care and communication skills. Important points to focus on include...

- Structure, formatting, coherence
- Grammar, spelling, and language
- Use of visuals (optional): e.g., Gantt charts, mind maps

7. Use of Supporting Tools and Evidence (5%)

This section is optional but adds quality. You can include...

- Use of career planning tools (e.g., CV, LinkedIn profile screenshots)
- Reflection on past feedback, grades, internship experiences
